

### **Clinic booking information**

Gary Lane Clinics are for all gaited horse riders who want to feel and understand smooth easy gaits. The main focus during the clinic is for the student to know how to recognize gaits of the Tennessee Walking Horse, Missouri Foxtrotter, and Rocky mountain horses. After the clinic you will be able to recognize the difference and explain how the gaited horses use his feet. A mix of general horsemanship techniques and principles of classical riding will carry the riders onto the trails or rail for an exciting, fun, and safe ride. Understanding your horse's natural base line of behavior to build a better relationship to achieve a sound trail is within your reach. Gary clinic are fun to attend coupled with easy hands on training to assist you to get the most out your horse and more importantly you. A maximum of 10 horses and riders with unlimited number of auditors and spectators during each clinic.

Gary is clear and will teach you a step by step plan using tasks, conditions, and standards to enhance your gaited horse knowledge. Gary leadership style is clear and straight forward approach with the ability to ensure you learn easy to understand horsemanship. The goal is to find success for every horse and every rider.

Clinics are booked in advance if you are interested in hosting a clinic at your facility, call Gary or Ruth to discuss further details 606 758-8457 cell 606308-2116. I look forward to talking to you about hosting a clinic.

**IN ORDER TO HELP THE HORSE, I HAVE TO HELP THE RIDER.  
IN ORDER TO HELP THE RIDER I KEEP YOU'RE COST AFFORDABLE.**

**YOU ARE NOT AN INTERRUPTION OF MY DAY BUT THE PURPOSE.**

The topics covered will teach you how to:

- Read Your Horse's Gait from the Ground and in the Saddle
- Get to Know Your Horse's Mouth for Better Gaiting
- Find a Smooth, Easy Gait Naturally
- Keep Your Gaited Horse Gaiting

This clinic is for anyone who wants to learn how to feel and understand the smooth easy gaits of their gaited horse be it Tennessee Walking Horse, Missouri Fox Trot-ter, or Rocky Mountain Horse. A mix of general horsemanship techniques and principles of classical riding will be taught. These techniques apply to both trail and show riders who want to improve their horse's natural gait and enjoy a safe and smooth ride.

Gary's clinics are fun to attend, with easy hands on training to help you get the most out your horse and, more importantly, you. Gary teaches using a step by step plan made up of tasks, conditions, and standards that will enhance your ability to work with your gaited horse. His leadership style is clear, and he uses a straight forward approach that makes it easy to understand and apply. His goal at every clinic is to find success for each horse and rider.
